ANTARCTIC JOURNAL of the United States

Vol. I **INDEX** **1966**

National affiliations which are not part of official names appear in parentheses. U.S. *Air Force* and *Army* units are listed under those headings. Navy units are indexed by name, but they will appear under *Naval* or *Navy* if either is part of the name. Scientific studies are indexed by discipline, subject, site, and supporting institution. Names which are published only in personnel lists or bibliographies are not indexed, nor are place names cited only in the list on p. 275–276.
